Direct Order Entry Via The Web

- The Place Order selection (and default), allows the customer to directly enter order details in a few seconds.
- Previous shipper and consignee information is available on screen immediately after your order is accepted

Direct Order Entry - Selection

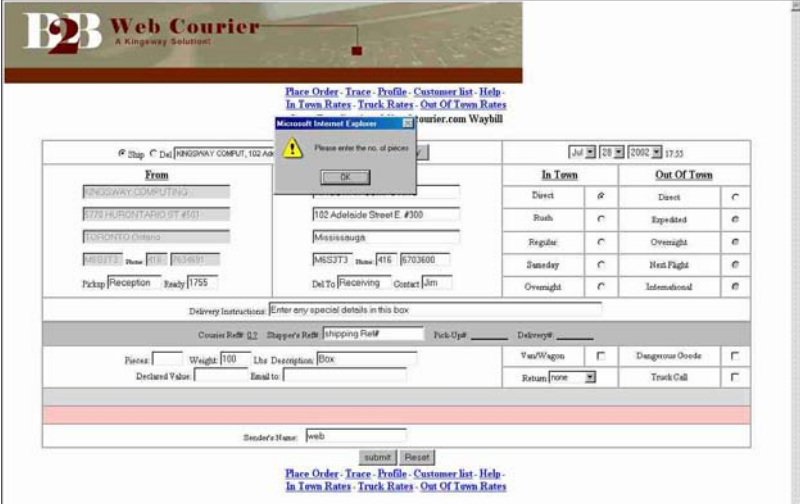

- Note how previous shippers and consignees are available for loading on this order
- Note the “Ship/ Cons” selection at the top of the entry. This identifies whether the chosen location is shipping or receiving

The screenshot shows the B2B Web Courier interface for Direct Order Entry. At the top, there is a navigation menu with links: [Place Order](#), [Trace](#), [Profile](#), [Customer list](#), [Help](#), [In Town Rates](#), [Truck Rates](#), [Out Of Town Rates](#), [Same Day Courier](#), [h2bwebcourier.com](#), and [Waybill](#). The main form includes a 'Ship/ Cons' dropdown menu with a 'Please select an address' prompt. Below this is a list of addresses with a search bar. To the right, there are input fields for 'In Town' and 'Out Of Town' rates, and a table of service options with radio buttons: Direct, Rush, Regular, Same-day, Overnight, and International. The bottom section contains fields for 'Count Rate', 'Shipper's Rate', 'Pick-Up', and 'Delivery' times, along with 'Pieces', 'Weight', 'Lbs', 'Description', 'Declared Value', 'Email to', 'Return', and 'Track/Call' options. The 'Sender's Name' field is also visible at the bottom.

Direct Order Entry - Data Entry

- All essential data must be loaded before the order will be accepted
- Missing data will flag the operator to advise of the problem

The screenshot shows the B2B Web Courier software interface. At the top, there is a navigation menu with links: [Place Order](#), [Trace](#), [Profile](#), [Customer list](#), [Help](#), [In Town Rates](#), [Truck Rates](#), and [Out Of Town Rates](#). Below the menu, there is a status bar showing the user's name 'KINGWAY COMPUT, 102 AR' and the current date and time 'Jul 21 2002 17:55'. The main form is divided into several sections:

- From:** Includes fields for 'From' (KINGWAY COMPUT, 102 AR), 'Address' (170 HURONTARIO ST #501), 'City' (TORONTO ONTARIO), 'Province' (ON), and 'Postal Code' (M5S 1T5).
- To:** Includes fields for 'To' (102 Adelaide Street E #300), 'City' (Mississauga), 'Province' (ON), 'Postal Code' (M5S 1T3), 'Phone' (416 6703600), 'Del To' (Placing), and 'Contact' (Jim).
- Service Selection:** A table with columns 'In Town' and 'Out Of Town'. Each column has radio buttons for 'Direct', 'Bulk', 'Regular', 'Sunday', and 'Overnight'.
- Delivery Instructions:** A text area for 'Enter any special details in this box'.
- Order Details:** Fields for 'Create Ref#', 'Shipper's Ref#', 'Shipping Ref#', 'Pick-Up#', and 'Delivery#'. Below these are fields for 'Pieces', 'Weight', 'Lbs', 'Description', 'Box', 'Declared Value', and 'Email to'.
- Sender's Name:** A field containing 'web'.

At the bottom, there are 'Submit' and 'Reset' buttons, and a repeat of the navigation menu.

Direct Order Entry - Complete

- As soon as all required data is entered, the “Submit” button will process the data.
- If acceptable, this screen will appear.
- Note the price is available on screen
- Accept to process this order through the system

Out of Town Rates Table

- Rates outside of the regular service area are covered by rates by distance
- These are set at direct and the regular or customers rate are set per kilometer
- Costs are available by selecting the first letter of the city required

The screenshot displays the B2B Web Courier website interface. At the top, the logo and navigation menu are visible. The main content area features a table of out-of-town rates, organized by the first letter of the destination city (A-Z). The table includes columns for service type, description, and cost. Below the table, there are navigation links and a search bar.
