

The banner features the text "InstantFreight" in a bold, sans-serif font. "Instant" is white and "Freight" is orange. To the right, a red curved arrow points from the text towards a stylized globe and a blue shipping container. Below the arrow, the text "A Kingsway Solution!" is written in red. The background is a dark blue gradient with faint white lines representing a globe or network.

InstantFreight

A Kingsway Solution!

- Extensive LTL Cross Docking and FL Freight Solution
- Web Active Customer, shipper/consignee login, tracking and (for customers), order entry
- Direct E-mail, fax and EDI of multiple reports to customers to/ from applications
- Imaging, Bar Coding Local and Branches
- Multi company, multi currency, on-screen book and dispatch and track
- Full automatic rating, costing and accounting processes
- Full Driver Payroll and settlement

- Welcome to the guided tour of the InstantFreight™ Web Enabled e-business software system
- By following this demonstration, you will be able identify functions and assess the power of web presence for your corporation
  - Thank you for logging in to try this product..
  - Jim Smith
  - President Kingsway Computing Solutions Inc.

# InstantFreight

A Kingsway Solution!

- After completing the Activation application screen, your pass codes will be sent to you via e-mail
  - Simply enter the Login, Reference and Password codes as supplied.
  - Click on the Submit button to enter the InstantFreight web active data process

# InstantFreight

A Kingsway Solution!

## Tracing Order Details

- Order tracing is a breeze!
- Do you have any reference number or even apart of one?
- Or want a history scan?
- Enter your data in the specific area
- View

The screenshot displays the InstantFreight web application interface. At the top, there is a navigation menu with links: Home, Track, PlaceOrder, Accounts, Companies, Rates, Reports. Below the navigation menu, the page title is "InstantFreight (tm) Transport Solutions" and it welcomes the customer "Kingsway Computing Solutions". The main content area contains a search form with the following fields and options:

- Bill of Lading#:
- PO#:
- From:
- To:
- Results:

Below the search form, there are several buttons: "10", "20", "50", "100", "and", "All", and "Clear".

# InstantFreight

A Kingsway Solution!

## Order Scan and Details

- Line details of orders are displayed
- The scan displays brief details of recent orders
- There are two links
- The order number for details of the order
- The status for details of history scan

## Direct Order Entry Via The Web

- The Place Order selection allows the customer to directly enter order details in a few seconds.
- Previous shipper and consignee information is available on screen once BOL details are updated by operations

The screenshot displays the 'InstantFreight' web interface. At the top, the 'InstantFreight' logo is visible, along with navigation links: Home, Tracks, Place Order, Account, Consignees, Rates, Reports. The main heading is 'Place Order: Kingsway Computing Solutions'. Below this, a search bar contains the text 'Place cursor over where you need help'. The form is divided into several sections:

- Date:** May 9, 2002, Proj# 1, Service: KFRT @ EXPD C
- Shipper:** A dropdown menu with the text 'Please select an address...'. Below it, the shipper information is: Kingsway Computing Solutions, 65714 Address1, Address2: TORONTO, Phone: 416 5551212, Contact: [blank].
- Consignee:** A dropdown menu with the text 'Please select an address...'. Below it, a list of consignee addresses is shown: ALBERTO CULVER, Address1, TORONTO; DASCO DATA PRODUCT, 3465 Address1, BRAMPTON; LEE JESS INC, Address1, RICHMOND HILL; Kingsway Computing, Address1, TORONTO; NAVEI PECO, Address1, TORONTO; RADCOOP LOGISTICS, Address1, BRAMPTON.
- Ready @ (24 hrs):** 12, 10
- Close @ (24 hrs):** [blank], [blank]
- BOL#:** [blank], **FCW:** [blank], **SHIP#:** [blank]
- Stk#:** 0, **Wt:** 0, **Descr:** [blank]

Buttons for 'Submit' and 'Reset' are located at the bottom of the form.

# InstantFreight

A Kingsway Solution!

## Order Accept and Transmit

- After entering relevant details, the Submit button allows the user to check and approve the entry prior to sending to dispatch

The screenshot displays the InstantFreight web application interface. At the top, there is a navigation menu with links for Home, Tracks, Place Order, Account, Companies, Rates, and Reports. The main heading is "Confirm Order: Kingsway Computing Solutions". Below this, there is a form with the following fields and values:

Date:	May 9 2002	Prod:	2	Service:	RFRT
Shipper:	Kingsway Computing Solutions 43714 A Address1 Address2 TORONTO ONM6B 3T Phone (416)555-1212 Contact: Ready @ 13:00 Close @ 15:45

DCL#:	12345	PO#:	25	SHIP#:	4321
Stack:	2	WT:	5000	Descr:	InstantFreight Order

At the bottom of the form, there is a button labeled "Accept & Place an order".

# InstantFreight

A Kingsway Solution!

## Order Accepted

- The order, once accepted, will display the reference number.
- Customers often print this screen for their own reference

The screenshot displays the InstantFreight website interface. At the top, the logo 'InstantFreight' is visible, along with navigation links: Home, Tracks, Place Order, Account, Consignees, Rates, and Reports. The main content area is titled 'Shipment Results For: Kingsway Computing Solutions'. Below this title is a table with shipment details:

Date:	From:	Service:	Status:	FR
03/09/2003	1042933.00	FFRT		
Bo#:	Po#:	Ship#:	Inv#:	
12345	25	4521	0	
Fee:	Wt:	Vol:	Stds:	
0	5000	0	2	

Below the table, there are checkboxes for 'Picked Up', 'Dock', 'OnRoute', and 'Arrival'. A section for 'Shipper' and 'Consignee' follows, with the following details:

Shipper	Consignee
Kingsway Computing Solutions 42714 Address1 Address2 TORONTO ON	Kingsway Computing Solutions Address1 Address2 TORONTO ON

At the bottom of the shipment details, there are fields for 'Eta', 'Received By', and 'Received On'. Below the table, there are two links: 'History' and 'Mail Inquiry'.

# InstantFreight

A Kingsway Solution!

## Accounts Selection

- The web user has full access to modify many functions available on the InstantFreight package.
- This entry is password protected, and needs to be entered
- If forgotten, you can e-mail this password to the system administrator

The screenshot shows the InstantFreight website header with the logo and navigation links: Home, Items, Place Order, Accounts, Companies, Enter, Reports. Below the header, there is a text prompt: "Please enter password to access Account Admin Function:" followed by a text input field and a "submit" button. A link below the input field reads "Click here if you forgot your password".

The screenshot shows the InstantFreight website header with the logo and navigation links: Home, Items, Place Order, Accounts, Companies, Enter, Reports. Below the header, there is a text prompt: "Password forgotten? We can resend the password to your administrator. Please click on the confirmed button to submit your password to v\_mailo". Below this text is a "Confirmed" button.

# InstantFreight

A Kingsway Solution!

## Accounts Functions and Update

- The InstantFreight system allows the customer to request status change details to be sent via e-mails to the entries next to the status. Blank for none
- To make changes, the system access password must be entered prior to accepting

The screenshot shows the InstantFreight web application interface for updating account information. The page title is "InstantFreight" with the tagline "A Kingsway Solution!". The navigation menu includes Home, Track, Back Order, Account, Comments, Rates, and Reports. The user profile is identified as "Profile For: Kingsway Computing Solutions".

The form contains several sections:

- Password Update:** Fields for "Old Password (to enable update)", "New Password", and "Confirm New Password". A note states: "Please enter password for update validation. Skip 'New Password' if you did not want to change your password."
- Administrator Email:** A field for "Administrator email" with the value "jim@kingway.com". A note states: "Please enter email for notification to administrators for changes."
- Advanced Web Access:** Fields for "Account Admin Function", "Rates Function", and "Fast" (with a dropdown menu showing "416" and "6551212"). A note states: "Please enter passwords for advanced web access."
- Shipment Status Notifications:** A section titled "Please enter an email address to inform when shipments reach each status" with input fields for: "Dork", "On Road", "Arrived At Branch", "Delivered", "Appointment", "Invoiced", "Cancelled", "Overhaulage/Damaged", and "POD Image". Each field contains the email address "jim@instantfreight.com".

At the bottom of the form are "UPDATE" and "CLEAR" buttons.

# InstantFreight

A Kingsway Solution!

## Consignee Control

- Not only can you the customer access and receive details of ALL shipments, shippers and consignees can be authorised for access only to THEIR shipment

The screenshot displays the InstantFreight web interface. At the top, there is a navigation menu with links for Home, Links, Place Order, Account, Consignees, Rates, and Reports. Below the menu, the page title is "Consignee List For: Kingway Computing Solutions". The main content is a table with the following columns: Code, Name, Address, City, Prov, PCode, Dock, On/Route, Arrived, and Delivered. The table contains six rows of data, each representing a different consignee.

Code	Name	Address	City	Prov	PCode	Dock	On/Route	Arrived	Delivered
<a href="#">ALB007</a>	ALBERTO CULVER	Address1			M82-5E2	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<a href="#">DAS001</a>	DASCO DATA PRODUCTS	3445 Address1			L6T-10	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<a href="#">JOB001</a>	JOE JOBS INC.	Address1			L4C-306	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

# InstantFreight

A Kingsway Solution!

## Shipper, Consignee Control

- By choosing a shipper/consignee link, similar account details are available for update
- E-mail of status is effected by entering and address against the status required
- WEB Access is granted by entering a password

The screenshot displays the InstantFreight web application interface. At the top, there is a navigation menu with links: Home, Links, Place Order, Account, Consignee, Rates, Reports. Below the menu, the page title is "Profile For Owner of Kingsway Computing Solutions". A prompt asks the user to "Please enter an email address to inform when shipments reach each status". The form contains the following fields:

Consignee Code:	KJN015
Name:	Kingsway Computing Solutions
Dirct:	fred@kingsway.com
CellRate:	
Arrived At Branch:	
Delivered:	
Appointment:	
Password:	Jim

At the bottom of the form, there are two buttons: "UPDATE" and "CLEAR".

# InstantFreight

A Kingsway Solution!

## Shipper/ Consignee Access

- For example: For Kingsway Computing to allow consignee JOE001 access, enter a password (jim).
- JOE001 then logs in as Login (KIN015), Reference (JOE001) and password jim

The screenshot shows the InstantFreight web application interface. At the top, the logo "InstantFreight" is displayed in white and orange, with the tagline "A Kingsway Solution!" in red below it. A navigation menu includes "Home", "About Us", "Login", "Activate", and "Contact Us". The date "May 9, 2002" is shown on the left. The main content area features a "WWW" logo and a list of links: "E-Business", "How We Work", "Our Methodology", "How We Can Help", and "Executive Overview". Below these are links for "Product System Methodology", "Software Package", "Operating Systems", "Available Support", and "Download PDF". The login form on the right has three input fields: "Login:" with the value "KIN015", "Reference:" with the value "JOE001", and "Password:" with the value "jim". There are "Submit" and "Clear" buttons. The footer contains the text "InstantFreight™ by Kingsway Computing Solutions, Inc." and logos for "Kingsway Computing Solutions, Inc.", "ERP Web Experts", and "PROGRESS". Copyright information "Copyright © 2002 Kingsway Computing Solutions Inc." is visible at the bottom left.

# InstantFreight

A Kingsway Solution!

## Shipper/ Consignee Log In

- Notice how the client (JOE001) is now referenced as the log in customer
- The client is however restricted to **ONLY** to orders shipped or received by them

The screenshot shows the InstantFreight (tm) Transport Solutions web application. The header features the InstantFreight logo and the tagline 'A Kingsway Solution!'. Below the header, there are navigation links for 'Home', 'Track', and 'Place Order'. The main content area displays the following information:

- InstantFreight (tm) Transport Solutions**
- Welcomes guest **JOE001, JOE JOBS INC.**
- Client Of **Kingsway Computing Solutions**

The login form includes the following fields and controls:

- Bill of Lading#**: A text input field.
- From**: A dropdown menu.
- To**: A dropdown menu.
- From**: A date selector with dropdowns for month (Jan), day (1), and year (2000).
- To**: A date selector with dropdowns for month (May), day (9), and year (2002).
- Results**: A dropdown menu showing '2'.
- Undelivered**: A checkbox.
- Alt**: A checkbox.
- Submit** and **Clear** buttons.

# InstantFreight

A Kingsway Solution!

## Shipper/ Consignee Scan

- The same functionality is available to the client as the customer,
- Now doesn't that give you ideas!
- Relax! options for the client are restricted to tracing only

## Rates Table

- Rates relevant to service types and destinations are available directly under the Rates option.
- For large lists, destinations are available by the city's first letter

The screenshot shows the InstantFreight website interface. At the top, there is a navigation menu with links: Home, Rates, Place Order, Account, Companies, Rates, Reports. Below the menu, there is a link to download a routing guide (EXCEL file about 720KB) and a note that the rate quotation is confidential for Kingsway Computing Solutions. A search bar is present with a dropdown menu showing city abbreviations: AB, BC, SK, ON, MB. Below the search bar, the origin is set to TORONTO, ON and the service type is Regular. The main content is a table of rates for various destinations.

## Dynamic Reporting Queries

- Reporting is accessed through a password
- The selection is pretty horrendous, but we will give you a good understanding of functionality
- The first column select the report type (try ARVL)

The screenshot shows the InstantFreight web application interface. The header includes the logo and navigation links. Below the header, there is a table titled "Reports For Kingsway Computing Solutions". The table has columns for Type, Change, Delete, ID, Process, Report Name, Email, Approval, and Last Run. The table contains several rows of data, including report types like ARVL, ARV2, ARV3, ARV4, ARV5, ARV6, ARV7, and ARV8.

Type	Change	Delete	ID	Process	Report Name	Email	Approval	Last Run
ARVL	change	delete	1001	job				
ARV2	change	delete	1002	LPDT	accounting	info@kingsway.com

A 'Help' tooltip is visible in the top right corner, containing the text: 'Functions: Display Only: This element shows (but is not updatable directly) the approval date for each report.'

# InstantFreight

A Kingsway Solution!

## Report Criteria entry

- This report allows selection of various activity available for reporting. This can be adjusted to users requirements
- Save stores all entries back to the database

The screenshot shows the 'Report Maintenance Form' in the InstantFreight application. The form is titled 'Report Maintenance Form' and contains the following fields and options:

- Report Number: 5
- Report details: INFO, Print on 12/18/01 at 11:36, Updated on 05/12/02 at 11:35
- Frequency: WOC
- Process: LIFT
- Report Name: Accounting
- Email: info@kingsway.com
- Scan Report Start Date: 19 Dec 1999
- Scan Report End Date: 19 Dec 2001
- From Shipper (Or "All"): ALL
- Scan Consignee (Or "All"): ALL
- Select Service (Or "All"): ALL
- Destination Lines (Or "All"): ALL
- Include Ship Date: Yes  No
- Display Actual Date: Yes  No
- Display Appointment Date: Yes  No
- Display Delivery Date: Yes  No
- Display Actual Days: Yes  No
- Display Percentage On Time: Yes  No
- Display Costs: Yes  No

A 'Save' button is located at the bottom right of the form.

# InstantFreight

A Kingsway Solution!

## Report Frequency and Destination

- The Frequency identifies when to send the report, Name, what it will be called and e-mail to whom it is sent.
- Note that Report#6 (the report we are updating) has the Approved and Last Run dates wiped out

The screenshot shows the InstantFreight web application interface. At the top, there is a navigation menu with links for Home, Index, Check, Status, Account, Customers, Sites, Reports. Below the navigation menu, the page title is "Reports For Kingsway Computing Solutions". The main content area displays a table with the following columns: Type, Change, Delete, Exec, Process, Report Name, Email, Approved, and Last Run. The table contains several rows of data, with the last row (Report#6) having empty cells for the Approved and Last Run columns.

Type	Change	Delete	Exec	Process	Report Name	Email	Approved	Last Run
21	change	delete						
AV16_21	change	delete	W41		06			
21	change	delete						
21	change	delete						
AV16_21	change	delete	W42	UPDT	accounting	jan@kingsway.com		
AV16_21	change	delete	W43	UPDT	tax	jan@instantfreight.com		
AV16_21	change	delete	W41	UPDT	jobcost	jan@kingsway.com		
21	change	delete	W17					
AV16_21	change	delete	W41					
21	change	delete						

# InstantFreight

A Kingsway Solution!

## Confirmation Requested

- Once the report has been updated, and e-mail is sent to the recipient in order to confirm the details.
- The e-mail contains an Acrobat file of the report outline, plus a link back to the system which will approve the report for production

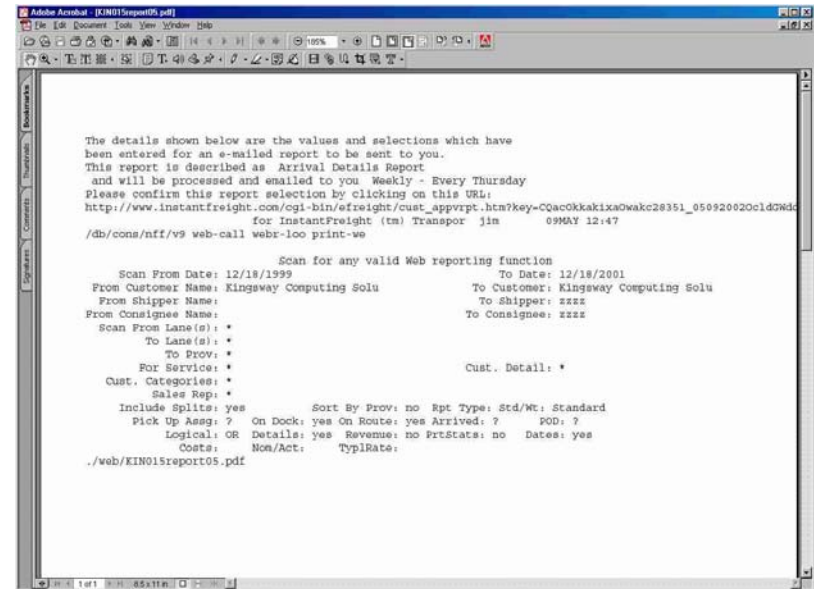

# InstantFreight

A Kingsway Solution!

## The Adobe pdf file

- The pdf file contains the report limits and data requested in a (more) readable format

## The Report approve Link

- When the link is clicked, the system updates the approval date, and the report is then in production
- The report will be sent to the e-mail recipient on the date specified under frequency

This is to confirm that you have agreed to receive the following report.

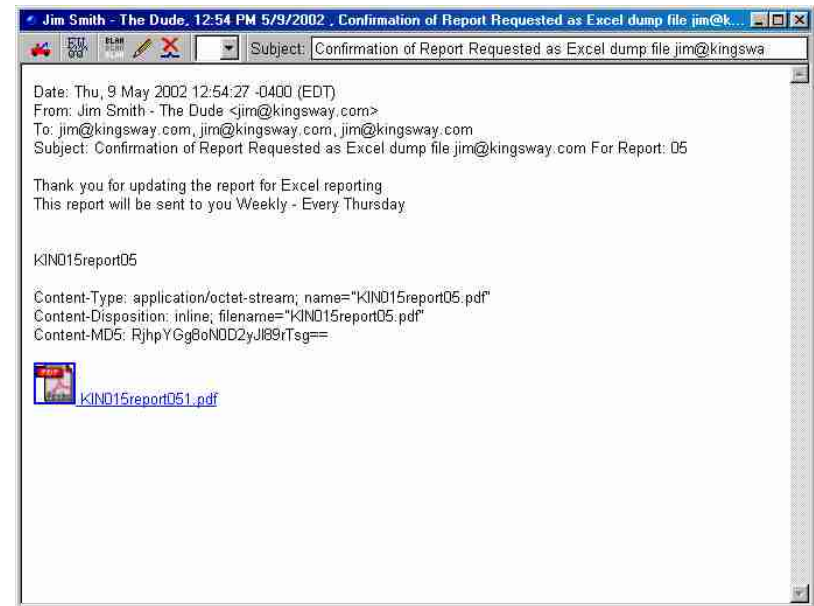

Report	Code	Freq	Repeat	Run
accounting	ARVL	WKS		10/01

# InstantFreight

A Kingsway Solution!

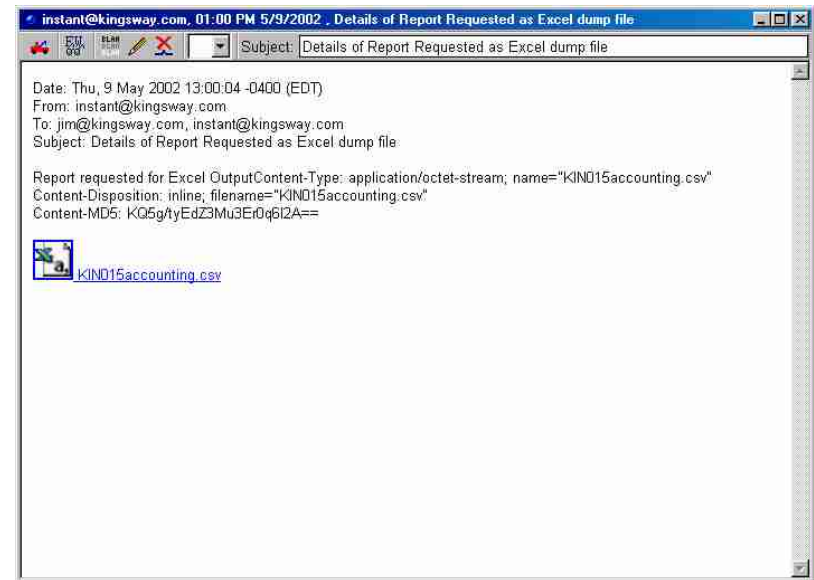

## Confirmation Of Acceptance

- The system will respond with an acceptance e-mail as confirmation

## Receipt of Excel Report

- On the selected date, the Instantfreight system will produce the report as requested and send it as an Excel spreadsheet
- More reports can be generated on the same day by following this procedure

# InstantFreight

A Kingsway Solution!

## Spreadsheet Details

- The spreadsheet contains lines of details relating to dates, charges etc for each shipment within the selected criteria

## Report Information Update

- The details of reports exporting are updated on the web site for information

The screenshot displays the InstantFreight web application interface. At the top, there is a navigation menu with links for Home, Index, Check Status, Account, Companies, Sites, and Reports. Below the navigation, the page title is "Reports For Kingsway Computing Solutions". The main content area features a table with the following columns: Title, Change, Delete, Error, Process, Report Name, Email, Approved, and Last Run. The table contains several rows of report data, including entries for "VAN1", "VAN2", "VAN3", "VAN4", "VAN5", "VAN6", "VAN7", and "VAN8". Each row includes a "Title" field with a dropdown menu, a "Change" button, a "Delete" button, an "Error" field, a "Process" field, a "Report Name" field, an "Email" field, an "Approved" field, and a "Last Run" field.

Title	Change	Delete	Error	Process	Report Name	Email	Approved	Last Run
[dropdown]	[change]	[delete]

## Deleting Reports

- Reports can be deleted simply by selecting the report, and confirming

The screenshot displays the InstantFreight web application interface. At the top, the 'InstantFreight' logo and 'A Kingsway Solution!' tagline are visible. Below the navigation menu, the page title is 'Reports For Kingsway Computing Solutions'. A table lists various reports with columns for 'Type', 'Change', 'Delete', 'Error', 'Process', 'ReportName', 'Email', 'Approved', and 'Last Run'. A 'Microsoft Internet Explorer' dialog box is overlaid on the table, asking for confirmation to delete report no. 2.

Type	Change	Delete	Error	Process	ReportName	Email	Approved	Last Run
AS16	[change]	[delete]	VM1		job			
AS16	[change]	[delete]	VM2	UPDT	accounting	jm@kingsway.com		
AS16	[change]	[delete]	VM5	UPDT	fin	je@instantfreight.com	05/16/2002	05/16/2002
AS16	[change]	[delete]	VM1	UPDT	jobenv	jm@kingsway.com		
AS16	[change]	[delete]	MT7			ms@instf		

Microsoft Internet Explorer  
? You choose to remove report no. 2. Are you sure?  
OK Cancel

## Delete Report Confirmation

- The web report screen shows the report has been deleted from the reporting process
